

Fully funded

Specialist Knowledge for Teaching Mathematics (Primary Teachers)

Programme

Develop mathematical subject knowledge and pedagogy

What is involved?

This programme is designed to improve the subject knowledge and pedagogical knowledge for all practitioners teaching and supporting the learning of primary maths.

There are two pathways: Number, and Spatial Reasoning. Each pathway consists of the equivalent of four days, spread out over a minimum of two terms. Professional learning and practice development continue throughout, with participants introducing new ideas into their daily practice.

Who can take part?

This programme is designed for primary teachers who want to strengthen their specialist knowledge for teaching maths. It is particularly suited to those who have had limited maths-specific training, or whose training was some time ago.

Find out more

Search **SKTM primary teachers** online or contact your local Maths Hub:

<https://www.kandmathshub.org/work-group/offer>

Benefits

- Your pupils will engage positively with maths that challenges them
- Your pupils will be able to explain their maths and their mathematical thinking using appropriate language
- You will identify pedagogical approaches that will enhance teaching and learning, and know how to plan for these
- You will enhance your maths subject knowledge with an emphasis on the key concepts in each mathematical area covered

The **programme** is fully funded by the Maths Hubs Programme, so is **free** to participating schools.
